BRITISH EMPIRE EXHIBITION - 1 9 2 4.

The Government of His Highness the Maharaja of Mysore, have taken 1000 Square feet of Space in the Indian Pavilion at the British Empire Exhibition, 1924. It is proposed to make at least one-half of this area available for ~~the~~ private exhibitors in the State. The rent payable for such space is fixed at Rs 15/- per Sq.Ft. In allotting space, preference will be given to actual producers and manufacturers over dealers who are not by themselves the actual producers.

Applications for space for private exhibits should be submitted by the 31st May 1923 to the Director of Industries & Commerce in Mysore, Bangalore. They should specify (1) the area in Sq. Ft. required, (2) the class of goods to be exhibited, (3) and arrangements proposed to be made regarding their ~~supervision~~ arrangement, equipment, etc. at the Exhibition & sale of to be sold in case that such articles are not sent through the Director of Industries & Commerce. He will intimate to the applicants in due course the amount of rent payable for the Space applied for if their applications are accepted. Payment of a third of the amount of the rent charged, should be made ~~within~~ within a month from the date of receipt of intimation from the Director or else the original application for space will be treated as cancelled. The balance of rent should be paid by the end of September next. If owing to several causes, space applied for and in respect of which advance rent has been paid for, is not availed of by ~~by~~ the applicant within a date that may later on be fixed by the Director, that officer will be at liberty to dispose of such space in the best manner he thinks fit. If sufficiently satisfactory reason is shown for failing to occupy the space in time, the Director will arrange for the return of the total rent paid.

The cases of artizans and craftsmen who are in need of pecuniary help for the purchase of materials etc., will be considered by the Director. If he is satisfied as to their skill in workmanship character, and business capacity, orders for articles will be ~~placed~~ placed with them and a sum not exceeding 50% of the cost of the materials required for making the articles, will be advanced. For the ~~considerations~~ conditions on which such advances are made, the intending applicants may write to the Director stating their name, address, decription of articles they intend producing, total cost of Raw ----- materials, wages, the total value of the finished products. As far as practicable such applications for help should be accompanied by proper designs etc.

All private exhibitors who do not send their articles through the Director of Industries & Commerce will have to make their own arrangements for the despatch of their exhibits and for their proper arrangement and equipment at the Exhibition.

...means Provincial Exhibitions and this should ...deter intending Exhibitors from applying.

In the notice ...it should be made clear that Government aided Exhibitions in the matter of freight are separately notified.

As regards para 2 the pecuniary help to be given would depend upon the merits of each case. No definite statement such as that 50% of the cost should be advanced ...be made.

In another connection the Director of Industries has suggested the formation of an Advisory Committee. If such a body is appointed the notice may be modified ...and the Committee's approval.

onerous to private exhibitors and
may deter intending exhibitors
from applying

2) That the concessions allowed
to exhibitors in the matter of
freight on exhibits may be inserted in
the notification

and 3) that the pecuniary help to
be given to approved exhibitors cannot
be fixed absolutely but has to
be determined on the merits
of each case. The claiming Exhibitor should understand
I am to add that the
notification may be revised
